

“Live” Spanish to Learn it Faster

In today’s world, avoiding other cultures simply isn’t an option. As societies “fuse”, and distances between countries are rendered shorter due to improved travel options, we’re increasingly exposed to cultures other than our own. What better way to appreciate these cultures than to have “insider knowledge” and speak the language?

In an ideal world we could all pick up another language, but realistically it’s easier said than done. It takes dedication, persistence and practice...and how many people’s early experience was tainted by tedious classroom hours reciting obscure verbs and tenses?

For 20 years, don Quijote has helped students of Spanish become fully immersed in the learning experience by inviting them to “live” Spanish whilst they learn it. In deciding to study at one of 20 schools either in Spain or Latin America, students can learn Spanish as they learnt their native tongue: through continuous practice and communication.

Language is an evolving concept and needs to be brought to life to be accessible to all. don Quijote lets you design the language course of your choice, aiding you step by step to choose the study programme, destination and length of time that’s right for you.

With a choice of schools/courses, flexible start dates, a wide range of accommodation and destinations across Spain and Latin America, there’s a programme for everyone. Since learning is about far more than sitting in a classroom, all schools offer daily cultural activities ranging from flamenco classes to city excursions. Your insight into the culture and customs of the country will further reinforce your learning.

Backed by certifications such as EAQUALS, the Instituto Cervantes, CEELE and the Madrid Chamber of Commerce and recognised internationally by organisations such as the BBC, CNN, The New York Times and Collins Dictionaries, you can rest assured that a language break with don Quijote will satisfy you on all levels.

Yet we all know that promises are easy to come by. This is why don Quijote guarantees its services. You’ll know what to expect before you arrive and you can hold them to account. Whether you choose to combine destinations, complete the D.E.L.E. exam, live with a host family or be collected from the airport, don Quijote can guarantee the whole package, and underlines this promise with a money back guarantee.

More students come to don Quijote via personal recommendations than from any other source. “I’ve learnt more Spanish in 2 weeks in Salamanca than I had learned in 6 months in Holland,” said one student recently.

As Orson Welles said, “The mind is like a parachute, it only works when it is open.” So, along with fellow international students aged from 18 to 70, open your mind and make learning Spanish in Spain or Latin America your next goal. After all, when you speak Spanish, you speak to almost 500 million people worldwide...a truly global experience!
